

WELCOME AND NON-DISCRIMINATION CLAUSE

Jumpstart Child Enrichment Center welcomes families, children and staff members of any race, color, sex, religion, nationality, creed, sexual orientation, marital status or age. The families, children and staff members are not restricted from rights, privileges, programs and activities made available to students. We do not discriminate in any way within the administration of our educational policies, enrollment policies, financial plan or any other school-administered program.

Reasonable accommodations will be provided for qualified children with disabilities upon request, as specified under the Americans with Disabilities Act. Americans with Disabilities Act discrimination issues should be referred to: **OFFICE ON THE ADA CIVIL RIGHTS DIVISION, US DEPT OF JUSTICE, PO BOX 66738, WASHINGTON DC 20035- 9998, (202) 514-0301.**

OUR PHILOSOPHY

At Jumpstart Child Enrichment Center, we strive to provide a positive atmosphere for your child. We accomplish this through our developmentally appropriate enrichment programs. Each enrichment program is individually designed to help develop your child's maximum early child educational and social development needs. Our goal is to provide your child with a warm, loving and safe environment that is a balance between home and school. We strive to create an atmosphere that is conducive to each child's Social, Physical, Intellectual, Creative and Emotional development.

While there is structured learning time throughout the day, we also believe that children learn as a result of their social interactions and experiences with each other during free play within the enrichment setting.

It is the goal of Jumpstart Child Enrichment Center to provide the highest quality Prekindergarten educational experience for every child enrolled. We accomplish this through offering a Unique Individualized Early Educational Plan in conjunction with the use of "Creative Curriculum" to provide a stimulating environment with an array of activity centers where children can play as they learn and develop naturally. There is a mixture of quiet and active play areas, as well as areas which promote individual and group social interaction. We incorporate educational activities that stimulate the mind as well as activities that help to develop small and large sensory and motor skills. We choose to view your child in terms of natural growth and development. Our staff considers each child a unique individual, and believes that mutual respect and trust is the base line for a healthy staff/child relationship.

Our highly qualified teachers interact with the children, while guiding, exploring, listening and talking. We seek to facilitate the natural social and educational desires that the children have and allow them to explore their interests throughout the day. By providing a positive and stimulating environment, we will continue to strive in developing each and every child to his/her fullest potential, all in the least restrictive environment possible for all children, including those with special needs by allowing them the opportunity to play, interact and learn together with non-disabled children. We provide an "inclusive" educational environment in which all children can succeed and enable children with disabilities to develop autonomy, independence, competency, and confidence while in a safe and loving environment.

MISSION STATEMENT

Jumpstart Child Enrichment Center strives to provide every child with a High-Quality Early Childhood Educational experience. **WE DO NOT BABY-SIT!** Jumpstart Child Enrichment Center is an Enrichment Center in which your child will develop the tools necessary for success prior to their entrance into Kindergarten and beyond!

We at Jumpstart Child Enrichment Center strive to be a loving home away from home for your child. We do this by providing an enriching environment that is first **SAFE and SECURE**. Our enrichment center makes every effort to maintain an environment that is **CLEAN** and finally our staff endeavors to **EDUCATE** each child in the areas of Social Emotional, Physical and Academia by providing an overall educational and social development experience for every child.
